

Enhance Your Grant Monitoring Capabilities and Stay Informed of New Funding Opportunities with GrantExec

At [GrantExec](#), we help government relations professionals better serve their clients by providing comprehensive federal grant monitoring services. While lucrative funding opportunities abound for local governments, businesses, nonprofits, and research institutions, identifying and securing these opportunities can be a challenging and time-consuming process. Our solution, which provides federal grant monitoring and automated identification of relevant funding opportunities, eliminates manual monitoring and maximizes success. Revenue generated through our enterprise services allows us to provide low-cost grant identification services to our nonprofit customers.

Services:

- Comprehensive, daily monitoring of all new grant offerings from 27 federal grantmaking agencies and 211 offices.
- Email alerts for new opportunities tailored to your client's specific goals and grant-eligible activities.
- AI-generated (and human-vetted) summaries of Funding Opportunity Announcements for clear, client-ready descriptions of each opportunity.
- Dedicated online interface for 24/7 access to a tracking interface of active grant recommendations, conveniently separated by client.
- [Scouting Reports](#): In-depth analysis of your client's active funding opportunities.
- [Sector Reports](#): In-depth analysis of the latest federal grant funding opportunities by topic, agency, organization type, and more.
- Rebranding and resale opportunities for reports with white-labeling.
- Robust federal search engine and live data dashboard for advanced filtering and analysis of grant opportunities.
- Priority access to GrantExec's network of seasoned grant writers.

Benefits:

- Save time and resources by automating the federal grant monitoring process, allowing you to focus on other critical needs of your clients.
- Stay up-to-date on relevant new grant offerings with customized monitoring and email alerts so you never miss a funding opportunity that could benefit your clients.
- Provide a professional and customized touch to your clients' grantseeking experience.
- Explore the universe of federal grant funding with our federal search engine and live data dashboard, allowing you to quickly and easily filter and analyze grant opportunities based on your client's specific needs and goals.

- Develop compliant, compelling, and competitive grant applications with the support of GrantExec's team of accomplished grant writers, giving you an advantage in securing federal funding.

DOD Lung Cancer, Translational Research Award

DOD-AMRAA Sample Client added 2/15/23

The FY23 LCRP Translational Research Award mechanism is a grant program that supports advanced research in lung cancer to develop clinical applications from promising ideas. Translational research means integrating basic science and clinical observations that may come from a laboratory discovery, population-based studies, or clinicians' first-hand knowledge of patient care. The goal ...
